VORTEX™ PRO 4WD

MASTER THE POWER**1 INTELLIGENT REMOTE CONTROL**

The electric robot cleaner RV 5480 iQ can connect to your WiFi network and be monitored from your smartphone. Remote control allows you to manage very simply of how your pool is cleaned **and makes daily life easier.**

**2 THE POWER OF CYCLONE SUCTION**

To guarantee optimum suction, Zodiac has created cyclone suction. By keeping debris in suspension thanks to a high-powered vortex, **this patented technology makes it possible to reduce clogging of the filter.** Cleaning is more powerful, right up to the end of the cycle.

**3 ALL-TERRAIN AGILITY**

Its **4-wheel drive** allows the RV 5480 iQ to move with agility in even the most challenging pools. **It crosses obstacles in the pool with ease and adapts perfectly to all surface types.**

As it's autonomous, the electric robot cleaner does not need to be connected to the filtration system. It collects debris directly in its own filter canister.

Equipped with true artificial intelligence, it can reach every corner of the pool, climb walls and clean the waterline.

Now able to connect to your WiFi network, it can be controlled from your smartphone through the iAquaLink application.
