Height 146 cm

A straightforward, practical range; the accessible dream!

Structure made of class IV treated Northern pine, easy to install P-FI filtration system
removable access ladder, double plank pine coping, 0.75 mm dark blue liner.

STANDARD COMPLIANT EQUIPMENT

Every ProSwell pool complies with the pool kit standards in effect, including the French standards that came into effect in February 2011:

- **NF P90-316** | Private family pools - pool kits - general safety requirements and test methods.
- **NF P90-317** | Private family pools - means of access - general safety requirements and test methods.
- **NF P90-318** | Private family pools - filtration groups and/ or filtration systems - general safety requirements and test methods.

Accreditation tests are carried out by an independent laboratory that is entitled to demand modifications to the equipment or the installation instructions should it deem this to be necessary. Once all tests have been passed, the laboratory issues a certificate for each pool model tested.

Procopi is PEFC certified (chain of custody: FCBA/12-01382) for procurement of wood from sustainably managed forests according to the regulations set out by the Programme for the Endorsement of Forest Certification.

THE PEFC label pertains to wood from European forests.

CTB-B+ SP labelled by CTBA (SP: this denomination was created for CTB-P+ and CTB-B+ certifications to designate enhanced retention of organic copper type products).
